## Crystal Clear

The call for a **cleaner, greener, safer**  
alternative to chemicals in swimming pools

By Phil Jones and Gary Stutt

“No chlorine, crystal clear no need to rinse off after swimming and definitely no red eyes. The system itself is very simple to use.”

PEOPLE WHO LOVE TO SWIM

SO GREAT TO OWN A POOL

NO PROBLEM ONLY A SOLUTION

The contents of this book have been drawn from Water Blog, Australia's most informative blog about swimming pools and water sanitation. Here you will find clear, accurate information about water purification systems and swimming pool maintenance.

If you're having problems maintaining your pool, you're not alone!

As the creators of the Enviroswim ES3, the world's most innovative and effective pool water purification system, we have a unique perspective. Our message is simple: there is a better, safer, cleaner and greener alternative to chemicals.

“Our new concrete pool has had the Enviroswim system on for 2 days. All levels are perfect.

**How awesome!”**
